

DURRELL

20 THINGS TO SEE AND DO ON YOUR VISIT TO JERSEY ZOO.

1. Recycle your aluminium cans to help Tamarins in Brazil.

Support our Cans for Corridors scheme by dropping empty cans into the bins provided in the carpark.

2. Pick up an ID sheet in Jewels of the Forest bird enclosure.

How many different bird species can you see in the walk-through aviary?

3. Visit our Andean bears.

What behaviours can you see?

4. Enter the Discovery Centre and find out more about our worldwide conservation projects.

How many countries does Durrell work in?

5. Spot the Ploughshare tortoises in the reptile house.

How close to extinction are these animals?

6. Find a Poison dart frog.

What colour is it and why?

7. Take a Meerkat-eyed view of the world.

Pop up into the bubble at Discovery Desert and take a look around.

8. Watch our impressive silverback gorilla, Badongo.

How many other western lowland gorillas live with him?

9. Find the statue of Jambo, our famous gorilla.

Take a selfie with him.

10. Watch the Hornbill males and females.

How can you tell the difference between the two?

11. Pass through the Orangutan Long House.

Find out more about these fascinating species and have a rest in an orangutan nest.

12. Find the free-ranging Tamarins in the woods.

Which species did you spot?

13. Greet the mischievous family of Macaques.

What are they doing today?

14. Stand on one leg like a Chilean flamingo.

How long can you hold this pose?

15. How many Livingstone's fruit bats can you count?

Are there more or less Rodrigues fruit bats?

16. Ready for a break?

Eat lunch or snack in the Orchard wild space.

17. Count the Butterfly species you can spot.

What do butterflies eat?

18. Take a trip to Lemur lake.

Are there any lemurs enjoying the sun today?

19. Feeling brave enough to visit our Aye-Ayes?

Let your eyes adjust to the darkness and enjoy these wonderful lemurs in their nocturnal world.

20. Think about the last time you visited.

What's changed?
