Professor EJ Milner-Gulland
Mr David Richards
Mr Timothy Ringsdore

Honorary Secretary
Mr Timothy Ringsdore

Principal Activities
To promote the conservation of wildlife. To advance research, education and training about wildlife and to disseminate the useful results thereof. To assist the establishment and maintenance of breeding populations of wildlife, in particular (but without limitation) those established by the Durrell Wildlife Conservation Trust (being the association incorporated in Jersey under that name) whether at its headquarters in Jersey or elsewhere in the world. To assist programmes for the conservation of wildlife in any part of the world, in particular (but without limitation) those established by the said Durrell Wildlife Conservation Trust. The activities of the Trust supersede those of the Gerald Durrell Wildlife Preservation Trust (Registration No. 232004).

Legal Status
The Trust is a Company Limited by Guarantee. The Company does not have any share capital. The Sole Member of the Company is the Durrell Wildlife Conservation Trust, which promises if the Trust is dissolved whilst it is a Member or within 12 months afterwards to contribute up to £1 towards the costs of dissolution and the liabilities incurred by the Trust whilst the contributor was a Member.

Note: The summary set out above is intended merely as an aide-memoire. For any matter requiring detailed consideration reference should be made to the relevant deed.
OBJECTIVES AND ACTIVITIES

The charity was established to promote the conservation of wildlife, to advance research, education and training about wildlife, to assist the establishment and maintenance of breeding populations of wildlife, and to assist programmes for the conservation of wildlife in any part of the world, in particular (but without limitation) those established by the Durrell Wildlife Conservation Trust. The charity was established to replace the Gerald Durrell Wildlife Preservation Trust (registered number 232004) which was no longer fit for purpose. The Durrell Wildlife Conservation Trust based in Jersey is considered to be the Ultimate Controlling Party as defined by Financial Reporting Standard No 8 (Note 11).

The Durrell Wildlife Conservation Trust in turn is an association incorporated under Article 4 of the Loi (1862) sur les teneures en feidcimmis et l’incorporation d’associations, as amended. It is governed by Rules registered in the Royal Court, Jersey on 5 August 2005.

The objects of the Durrell Wildlife Conservation Trust as set out in the Rules of the Trust are:

i. to promote the conservation of wildlife

ii. to establish at the Jersey Zoological Park, Les Augrès Manor, Trinity, Jersey or elsewhere, a centre or centres for breeding colonies of animals in danger of extinction in the wild state together with training, education, research and such other activities as may be necessary in furtherance of the objectives of the Trust.

The policies adopted by the Trust to further the above objectives are as follows:

• the continued operation of the Jersey Zoo to breed animals as part of the international species recovery programmes.

• the management or participation in species recovery plans for selected species.

• the management of an International Training Centre in Jersey promoting training in the breeding and conservation of endangered species.

• working with local communities to develop sustainable development strategies to benefit both the local community and ecosystem.

• field research to understand wildlife species and the reasons for their decline.

• habitat purchase and repair to enable species reintroduction programmes to be implemented successfully.

There have been no material changes in the above policies in the last year since the preceding report.

In establishing the Trust’s objectives, the trustees have considered the Charity Commission’s guidance on public benefit. The Durrell Wildlife Conservation Trust has played an important role in introducing both the local community of Jersey and visitors to the island to species conservation since 1959. The Trust with assistance from the Jersey government has provided a free educational programme to schools for a number of years. In addition entry to the wildlife park is not applicable for children under 4 years old. A variety of entry and membership rates for other members of the local community and for visitors and members from outside of Jersey.

Board of Trustees structure, policy and governance

The Board of Trustees is responsible for the governance and overall control of the Trust and for ensuring that it is properly managed and pursues its Objects including the mission of saving species from extinction.
The Memorandum of Articles and Association of the Durrell Wildlife Conservation Trust – UK are the primary governing documents of the Company.

The Trust recognises the principles of sound governance which are set out within the Trust's Governance procedures and will endeavour to comply with these principles in all matters.

**Election of Trustees**

The Board will be responsible for the process of seeking and evaluating prospective Trustees for election.

The Board will identify those candidates whose skills and attributes best reflect the requirements of the Trust, as recommended candidates.

If the Board lacks certain skills and attributes, either after an AGM or at any point in the year, then the Board may co-opt Trustees.

No Trustee will be entitled to act at or vote at any meeting of the Board until he or she has signed a declaration of willingness to act as a Trustee and agreed to abide by the Code of Conduct for Trustees.

Two Board positions shall be occupied by Board Members of Durrell Wildlife Conservation Trust (DWCT).

Each Trustee must be a Member of DWCT.

The term of elected Trustees is three years. A maximum of two terms can be served. In exceptional circumstances and with the unanimous agreement of the Board a third term may be served.

The Durrell Wildlife Conservation Trust in turn is organised as follows:

The government of the Trust and the management of its concerns are vested in the Board of Trustees, whose members are elected by the Members of the Trust. The Honorary Director of the Trust is responsible for ensuring that the Rules of the Trust are followed and that the resolutions of the Board of Trustees are duly carried out. The Honorary Treasurer, elected by the members, is responsible for all accounts and the collection of all sums of money due to the Trust. The Chief Executive is responsible for the direction and management of the Trust and for the implementation of the strategic objectives established by Board of Trustees. The day-to-day administration of the Trust is delegated to the Chief Executive Paul Masterton, who operates within the Scheme of Delegation for the Chief Executive, which is contained within the Board-approved Governance Procedures.
STATEMENT OF THE TRUSTEES' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 DECEMBER 2010

The Trustees are responsible for preparing the Report and Financial Statements in accordance with applicable law and regulations. Company Law requires the Trustees to prepare the financial statements which give a true and fair view of the state of affairs of the Trust at the end of the financial period and of its surplus or deficit for that period.

In preparing the financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent and;
- Prepare the financial statements on the going concern basis, unless it is appropriate to presume that the Trust will not continue in business.

The Trustees are responsible for keeping accounting records which are sufficient to show and are such as to disclose with reasonable accuracy at any time the financial position of the Trust and enables them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the Trust and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In accordance with Company Law, as Trustees, we certify that:

- So far as we are aware, there is no relevant audit information of which the Trust's auditors are unaware; and
- We have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that the Trust's auditors are aware of that information.
TRUSTEES REPORT FOR THE YEAR ENDED 31 DECEMBER 2010

Review of Activities

2010 represented the third full year of operation for the Trust, having replaced the Gerald Durrell Wildlife Preservation Trust (Registered Charity Number 232004) which had been deemed no longer fit for purpose as a vehicle for fundraising in the UK on behalf of its Ultimate Controlling Party, the Durrell Wildlife Conservation Trust.

The Trust has continued to work closely with London for Durrell, a UK based volunteer network in fundraising activities and introducing new supporters.

The standout event of the year was the Wild at Art exhibition and auction held at BAFTA which will generate a net profit of over £40k.

The income generated by the Trust in 2010 and previously has allowed the Durrell Wildlife Conservation Trust in 2010 to continue to support significant conservation projects at the Jersey site and overseas as well as to provide conservation training opportunities.

Financial Review

The financial statements have been produced in a format prescribed by the Charity’s Commission.

To better understand the position of the Trust and its performance, it is important to recognise that the Trust generates both recurring and non-recurring income. Recurring income includes items such as membership subscriptions. Less predictable, non-recurring income includes donations, legacies, grants and gifts and event income. Another point to note is the variability from year to year of the relationship between general and restricted funds. Restricted funds are raised against specific projects and cannot be used to cover normal operating expenditure.

Accounting reporting requirements for charities differ from those for commercial enterprises. For example, income received for a long term project, unless strict requirements are met, must be recognised in one period, while the related project expenditure could be recognised over several periods.

This is particularly pertinent when looking at the results for 2010, with significant elements of expenditure being an application to projects of monies raised in the previous period.

The Trust shows a net deficit of £46,000 in 2010 against a deficit of £110,000 for the period ended 31 December 2009.

Total income has increased from £887,000 to £961,000. Legacy income increased by £132,000 to £413,000 including £178,000 from the estate of Alan Walter Lane. Membership subscriptions showed a 15% increase year on year and further initiatives are planned for 2011 to widen the UK membership base.

Donations were at a similar level to 2009 at £431,000. The Balcombe Trust was the most significant donor supporting the construction of a new bat facility in Jersey and a number of conservation projects across the world with particular focus on the Caribbean. The Bromley Trust was again generous in support of the International Training Centre in Jersey, providing scholarships for conservations from developing countries to attend residential conservation training courses. Disney and the Ernest Kleinwort Trust made significant contributions to project work in Madagascar.

Other income was not as significant in 2010 as in 2009 which included income from celebrations surrounding the 50th anniversary of the opening of the Jersey site and a major fundraising campaign for the Floreana Mockingbird in the Galapagos.

Expenditure during 2010 showed a £10k increase on 2009 to £1,007k which included monies forwarded to Durrell Wildlife Conservation Trust to support both its restricted and general project work including site based activities at the wildlife park in Jersey.
Significant contributions were made to the various Durrell projects within the Caribbean region including the continuing Montserrat Mountain Chicken work, projects in Madagascar supporting the ploughshare tortoise and pochard respectively and in supporting a number of training courses through the International Training Centre both in Jersey and overseas and providing scholarships to enable conservationists from across the world to attend these training courses.

**Trust’s Policy on Reserves**

The Trust’s policy is to maintain its reserves at a given level based on its current and future activities, and the need to sustain funding for those activities if income was not available in the short term. A more detailed note on Reserves is included in the accounts of Durrell Wildlife Conservation Trust for the year ended 31 December 2010.

**Risk Management**

Risk management of the Trust is addressed as part of the wider risk management process of its Ultimate Controlling Party, the Durrell Wildlife Conservation Trust.

Given the variability in income streams the main risk relates to the financial viability of the Trust in the medium to long term.

The Trust is aware of the risks it faces, and is working proactively, from a secure financial position in the short and medium-terms, to ensure it has a viable and sustainable long term future.

**Plans for Future Periods**

The Trust continues to seek out new revenue sources in the UK to support the work of its Ultimate Controlling Party, the Durrell Wildlife Conservation Trust. As part of this process it will work closely with London for Durrell, a UK based volunteer network. A number of UK based events are planned for 2011. In addition a number of UK supporters are taking part in two Charity Challenge fundraising events in India and China.

**Auditors**

Alex Picot have indicated their willingness to continue in office.

INDEPENDENT AUDITORS’ REPORT TO THE TRUSTEES OF
THE DURRELL WILDLIFE CONSERVATION TRUST UK

We have audited the financial statements of Durrell Wildlife Conservation Trust UK for the year ended 31 December 2010 on pages 11 to 17. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the trustees, as a body. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

As explained more fully in the Statement of Trustee's Responsibilities set out on page 6 the trustees are responsible for the preparation of financial statements which give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board’s Ethical Standards for Auditors.

Scope of the audit opinion

An audit includes obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the trust’s circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; the overall presentation of the financial statements and whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 2006. We read the financial and non-financial information in the Trustees’ Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion

In our opinion:

- the financial statements give a true and fair view of the state of the trust's affairs as at 31 December 2010 and of its incoming resources and application of resources for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- the financial statements have been properly prepared in accordance with the Companies Act 2006; and
- the information given in the Trustees’ Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where our terms of engagement require us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

NOTES ON THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 DECEMBER 2010

1. ACCOUNTING POLICIES

Basis of preparation
The financial statements have been prepared under the historical cost convention in accordance with the Statement of Recommended Practice "Accounting and Reporting by Charities (Revised 2005)" applicable and UK Accounting Standards and the Companies Act 2006. The principal accounting policies adopted in the preparation of the financial statements are set out below.

Accounting convention
The financial statements are prepared using the historical cost convention and on an accruals basis.

Cash Flow Statement
The Trust has made use of the small entity exemption available under FRS1 (Revised) "Cash Flow Statements" and has not prepared a cash flow statement.

Allocation of funds
The funds of the Trust comprise the following:

Restricted
Funds which are subject to specific conditions, imposed by the donor and binding on the Trustees; such funds are held there until the specific project for which they are received is carried out; the balance of restricted funds represents unspent restricted income.

Unrestricted
Funds which are not subject to specific conditions imposed by the donor.

Designated
Funds which have been allocated or designated for special projects by the Trust itself. The use of such funds for their designated purpose remains at the discretion of the Board of Trustees; or

General
Funds which have not been allocated for any special purpose.

Membership Subscriptions
Annual and Life membership subscriptions are treated as deferred income to the extent that it relates to a service to be provided in the following financial period and is potentially refundable.

Donations
Donations including Gift Aid are credited in the period received. Such income is only deferred when the donor specifies that donations must only be used in future accounting periods; or where the donor has imposed conditions which must be met before the Trust has unconditional entitlement.

Grants received
Grants received from governments or other public bodies are accounted for in the Statement of Financial Activities on an accrual basis.

Legacies and bequests
Legacies and bequests are accrued as receivable, before receipt if it is reasonably certain that the legacy will be received and the value of the incoming resources can be measured with sufficient reliability.

Resources Expended
Expenditure is recognised when a liability is incurred. Expenses are allocated to the categories shown in the financial statements on the following bases. Where expenses are directly attributable to a particular category, they are allocated entirely to that category. Where an expense relates to direct charitable work but cannot be allocated to a specific category of such work (usually because it benefits more than one
category) it is allocated to support costs. Where an expense relates both to direct charitable work and other activities such as management and administration, then it is apportioned across the categories using percentages estimated to be the approximate benefit to each category.

**Taxation**
The Trust is established for a charitable purpose and is therefore exempt from taxation provided its income is applied towards charitable purposes.

2. **INCOMING RESOURCES FROM CHARITABLE ACTIVITIES**

Cliffhanger Projects
Durrell has identified seven key projects that represent five decades of pioneering conservation work, the global programmes we conduct today and where the Trust will be moving in the future.

The projects have been chosen, because they highlight some of Durrell's key approaches to solving the conservation problems that face society and biodiversity today.

9. RESTRICTED FUNDS

The funds of the Trust include restricted funds comprising the following unexpended balances of donations and grants held on trust to be applied for specific purposes.
